What happens when a student does not follow the Rules?

Consequences

- C1. Student will be given formal warning after 3-4 verbal warnings.
- C2. A note written in homework diary for parents to read and sign/comment.
- C3. Class Detention – Further disruption of the lesson will result in the Classroom teacher issuing a detention of 45 minutes' duration. Parents will be given 24 hours notice of this detention via the planner. Students who fail C2 will automatically move to C3. A student receiving an after school detention, Parent shall be notified 24 hours before the detention, by the BM (Behaviour Manager – **Muhammad Ibrahim**) this will be via the phone, or a text message sent, if not been able to reach the parent, also a note in the student's planner. A detention in certain circumstances can be given, at AM/PM break times, and also at lunch break after the student has eaten their lunch. A detention duration is 45 mins in total, and AM break is only 15 mins duration, so for this reason 30 mins shall be taken at lunch break. Again a call shall be made home 24 hours before the detention, informing the students parent by the BM (Behaviour Manager) if not been able to reach the parent, a text message shall be sent home. Also a note in the students' planner.
- C4. Student will be placed on Behaviour Report for **one week** which could result in a C5. There are 2 types of Behaviour Reports. One is the white report if they have gone through the consequences consequently, in other words one after the other. **A red report is given due to the following circumstances.**
 - A change in behaviour noticed by the parent. Who wants to keep a close eye on their child.
 - Or a request of the student themselves. If they feel it will assist them in improving their behaviour.
 - Lastly at a request of a teacher, due to continuous low- level disruption.

Pol5– Behaviour Policy - Boys

- **C5.** Further disruption will result in the student being sent to the Office. The Office will arrange for the student to be picked up by a parent/guardian and will remain in reception up until they are picked up. After three such occurrences the student will be suspended for one day. Subsequent occurrences will bring suspensions i.e. 2nd time after this then 2 days' suspension, 3rd time after this then 3 days' suspension, etc.
- C5 may also be issued by the class teacher as a direct result of a major incident (e.g. Gross verbal abuse, violent or reckless behaviour, intimidation) without other consequences being issued.

If a student has been picked up before 1.45 pm then they will be suspended just that day. If the child is picked up after 1.45pm, then the suspension applies to the remainder of the day and the day after. Several warnings will be issued if a student is not regularly picked up and can eventually be sent home in a taxi.

The office staff, the site management team and domestic assistants are all involved in the PLC system.

Homework

Homework is an important part of learning, and teaching. Allows student to prepare for future classwork. Homework is seen as the principal way in which pupils' achievement can be raised. The benefits of homework needs to be instilled at an early stage, in all pupils in order, that home-study becomes routine.

All formal class homework provided to students, should be recorded in the **Homework Log Sheet**. In **Monitoring & Tracking**, whether summative or formative. Colour coding should be used as follows:

- A 1 would be written in the box beside each students' name. If handed in by the specific deadline given by the teacher for completion.
- A 2 written – If it wasn't completed in the first attempt. But was covered using break/Lunch period, on the same day the deadline was given, to complete it.
- A 3 if the homework wasn't completed the 1st attempt or 2nd attempt, even though the teacher advised the student the 2nd attempt to ensure they complete it. A detention is given. Behaviour manager will contact the parent and inform them of the detention.

ELAIT – Emotional Literacy Assessment & Intervention Team.

Background And Context

The majority of our students are catered for during the lessons by the teacher planning lessons and differentiating to reach all learners whether kinaesthetic (touch), auditory (hear) and visual (see) learners. This is because students learn through different senses and they learn more through one sense than the other. Furthermore, we have a behaviour policy in place which should be rewarding positive behaviour and challenging poor behaviour. As for attendance and punctuality we have procedures in place in Admin and SLT to ensure students are in school and on time. Also, there are policies in place to ensure correct uniform, eliminate banned items and general day-to-day school activities. In all these situations good parental communication is paramount, which is in place, however is disjointed and tends to be negative. Therefore, meetings have been held to address this and as a result Admin, staff and SLT should contact on a regular basis especially when discussing positive issues, however, these communications need to be recorded so it is quite clear who is contacting who and for what. Call log sheets should be in place and should be used, please check with Admin.

Why ELAIT?

At Olive Secondary we believe in education for all, hence we have pupils of all abilities and backgrounds. We recognise that pupils are with us at a crucial time in their life (11-16) where they are developing physically, emotionally and academically. It is only normal that a pupil may have difficulties in negotiating these developments and may require support and help for the pupil and parents to move forwards. Hence **ELAIT** hopes to facilitate the journey of the pupil so he can reach his potential at this crucial time using a partnership approach with parents.

Hence in some situations certain students will require targeted and sustained engagement so we have put together. **ELAIT** in order to better provide services to these students. The **ELAIT** team covers students with difficulties in 3 areas:

1. Attendance & Punctuality
2. Behaviour and Emotions
3. Education & Attainment

This is a new system will it work?

The ELAIT has been recently launched although some functions have been running previously.

As the system is ongoing, the team has limited capacity. Therefore, at present the student mentors have been allocated 1 mentee, it is envisaged as they develop in their role they may take on more pupils or there may be an

Pol5– Behaviour Policy - Boys

increase in the number of mentees. Furthermore educational intervention will be prioritised for year 10 and year 11 pupils.

Who are ELAIT?

The ELAIT consists of the following members of staff

ELAIT Co-Ordinators	Yusuf Mayat/Muhammad Ibrahim
Behaviour Manager Behaviour and Emotions Lead	Muhammad Ibrahim
Attendance and Punctuality Lead	Abdullah Patel
Education and Achievement lead	Dr M Khan
Student Mentors	Muhammad Ibrahim/ Patel/Hassan Mohammed Abdullah

How ELAIT is related to the ECM agenda?

ELAIT particularly ensures children are keeping healthy – emotionally and ensures they are able to enjoy and achieve when encountered with difficulties.

When does a student come to ELAIT?

The following criteria will be used to highlight a student for selection. The criteria outlined for the 3 areas are shown below. Before a student is referred to ELAIT the intervention prior to referral must be completed. Also specific people have been designated who make the referral.

Attendance & Punctuality

Criteria: A student whose Attendance and/or Punctuality are below 90%.

Intervention prior to referral: The liaison officer/form tutors should have contacted the parents regarding attendance and punctuality. Where this contact has not led to improvements, a referral to ELAIT should be made. Please use referral form, from the Elait document.

To be referred by: The liaison officer is responsible for the referral.

Pol5– Behaviour Policy - Boys

Behaviour and Emotions

Criteria: A student who receives C3 regularly (3 times a half-term), C4 – being on report for at least 2 weeks in one half term, one C5.

Intervention prior to referral: A student receiving C3 - three or more times a half term will require liaison with parents, where this does not improve behaviour a referral should be made. Being on a C4 is a significant intervention to improve behaviour; this is usually for one week. When this is extended to two weeks without improvement or a pupil receives two C4s in one half-term, a referral to ELAIT should be made.

Referral made by: Behaviour Manager is responsible for the referral (with consultation with the Head Teacher).

Education & Attainment.

Criteria: A student in year 7/8, who does not achieve a level 1, after 1st Assessments, will result in a referral to Elait. Any student referred in Year 7/8, will receive ks2 basic numeracy and literacy support. To strengthen their ability and understanding in these subjects. A student who needs extra support as they are short of a **level 4-5** in the revised 1-9 grading system, on key subjects or there is a disparity between their potential grade and the grade they are achieving this may indicate a referral by the Head. If a teacher feels one of their students meets the above criteria they need to speak to the Head who will then make the referral.

Intervention prior to referral

Teacher discusses pupil achievement, and develops a personalised plan to support the student. This is advice given from the Head Teacher, is necessary to discuss how parents can support their child further, prior to discussion from the Head Teacher, or in her absence the Assessment Manager.

To be referred by: Head Teacher is responsible for the referral.

How do I make a referral?

Please check the above criteria and complete a referral form, after discussion with the Head Teacher, and hand it to Dr M Khan – ELAIT - Lead for Education & Attainment.

Following initial mentoring meetings, for instance, it may be discovered that the reason why attendance is poor is because there is a lack of interest in education. As a result other members can join and leave as and when required. Hence, ELAIT is fluid depending on the circumstances and the team can and will change. Having said that, in all circumstances the Elait Co-ordinator, and Student Mentor will be in the team – here is a mentoring

Pol5– Behaviour Policy - Boys

sheet attached to this memo which should be used for every session. Please see appendix 1 – Pastoral Care Mentoring Sheet.

How long will they stay in ELAIT?

If a student meets the above criteria then during an ELAIT Review Meeting they are officially documented and entered on to ELAIT. The evidence and reason will also be documented using the referral form. A student will remain on ELAIT for a minimum of one half-term and a maximum of one academic year. Once a student meets the set target they will officially leave ELAIT and receive certification; this will also happen officially in an ELAIT Review Meeting.

What will the students do whilst in ELAIT?

Students will be seen on a weekly basis for 10-15 minutes by a member of the team. A member of the team will speak to the student about their difficulties, discuss the best way forward and help him to better manage his difficulties. The ELAIT member will liaise with the student's form tutors, parents and teachers as appropriate. They will also check relevant documents e.g. R & C (Rewards & Consequences)

What happens in an ELAIT review meeting?

ELAIT Review Meetings will be held once a month; this will be called and chaired by the Co-ordinator. Attendance is compulsory for the team members as this is a very important aspect of the School. Separate review sheets will be used for each particular area. Students' progress within ELAIT will be reviewed and recorded on the relevant sheets. Students who have successfully completed an intervention will be discharged during a review meeting. Students meeting the threshold for entry will also be discussed and allocated a mentor.

What if little or no progress is made?

This may indicate a specialist referral to an external agency e.g. **Child and Adolescent Mental Health Service** via a GP or school nurse. The parents may also contact the Education Psychology service at Bradford Education. Where an external referral is indicated this will be discussed and recommended to parents. Parents will usually pursue the referral.

As a result of a student's referral to **ELAIT** it may become apparent that Olive Secondary Boys' School is not the best learning environment for the student, this may lead to recommendations to the parents regarding finding a more appropriate school for the student. If after an academic year the student has not met their targets in order to be removed from ELAIT or commit a serious offence whilst on ELAIT then the student after a meeting will be moved to Special Measures.

Pol5– Behaviour Policy - Boys

Special Measures is a three-strike program which gives a final opportunity for a student to engage with school policies and practices. At the event of a misdemeanour in a meeting it will be decided that a strike will be issued. This is noted and explained to both student and parent. After the third strike the student will be excluded. However the pupil should have been reviewed after a complete half-term, and in the second half term there should be close liaison with the Head in relation to the student's progress. The Head Teacher will then make a decision at the end of the complete term of intervention.

What is the role of the Elait Co-Ordinator?

Supervision

Provide support and guidance for mentors on a regular basis. Case discussion, problem solving and feedback. Two way process of learning in a confidential environment. Opportunity for mentors to express any potential concerns they may have and possible ways of addressing these issues.

Consultation

Provide advice on how to deal with issues mentors may be unsure about, new ways of working and evidence based techniques

Joint working

Provide joint assessment and liaison with mentors to help facilitate an effective intervention. The mentor will lead the session. Discussions of important areas for development and effective techniques/strategies.

Training

Provide training in basic behavioural techniques and psycho education. Case-Study presentations, giving an insight into common problems encountered by teachers. Presentation of techniques used to help alleviate areas of concern.

The **ELAIT Co-Ordinator** also ensures good communication between the various departments and team members to ensure the effective joining up of systems. He may hold meetings with specific team members as and when required. ELAIT will also be reviewed and a report produced by the co-ordinator on **2nd September 2019**.

How are sessions recorded and information kept?

Pol5– Behaviour Policy - Boys

An ELAIT file should be in place for each member of the team offering intervention. These are kept in the staff room on the ELAIT shelf. These files should contain all communication with students, evidence to measure area of investigation etc. The BM (Behaviour Manager) – **Muhammad Ibrahim** needs to maintain a file to document communication with parent. Communication with parent is absolutely essential.

How do we feedback to the Head Teacher?

A review document should be prepared for the Head after a review meeting which should be held on a monthly basis by the Co-ordinator detailing any students on ELAIT, what their situation was before ELAIT, date joined ELAIT, what steps have been taken and any progression; if students have left ELAIT, date and situation at completion. The Co-ordinator should keep checks on students who have left ELAIT to pre-empt any return to old habits.

Behaviour and Emotions Referral to ELAIT Program

Criteria: A student who receives C3 regularly (3 times a half-term), C4 – being on report for at least 2 weeks in one half term, one C5.

Intervention prior to referral: A student receiving C3 - three or more times a half term will require liaison with parents, where this does not improve behaviour a referral should be made. Being on a C4 is a significant intervention to improve behaviour; this is usually for one week. When this is extended to two weeks without improvement or a pupil receives two C4s in one half- term a referral to ELAIT should be made.

To be referred by: Behaviour Manager is responsible for the referral.

Parents/Carers

The school values the link between parents and form tutors in rewarding and motivating students and in correcting poor behaviour and performance. The support of parents is essential and parents are kept fully informed about the progress and behaviour of their children. Contact includes information in the student planner, telephone, letters and personal visits. Parents are encouraged to initiate contact, in writing, with the Head Teacher if they have any concerns.
